MUSIC ACCESSORY CATALOG

John Keal Music Group

89 Years of Service

In 1930, a young John Keal opened his first music store at 315 Central Avenue in Albany. A 24-year-old musician, his beginning ambition was only to teach saxophone in a private studio. However, he soon became a supplier of reeds and other accessories for his fellow musicians. Eventually, this led him to establish contacts with the instrument manufacturers of the day and he became a source for band and orchestral instruments as well. Almost by accident, John Keal had discovered a local music market, and the increasing demand soon prompted him to put aside his teaching and concentrate his efforts solely on the business of music.

The following years brought rapid growth and a succession of re-locations to accommodate an increasing inventory. In the early 1940's, John added 78 rpm. records to his shelves. This proved to be a fortuitous decision as World War II necessitated the halt of instrument production a few years later. In the 1960's his son, John Keal Jr., joined the store and the father-son team began specializing in school music programs.

This was a time of increasing student enrollment for many local schools and music teachers were in dire need of a company that could keep pace with their expanding programs. Once again, the Keals had identified a need in their local music community and, by offering a reputable package of sales and direct-to-school service, earned a reputation as the leader in the area of music education.

In 1985, we moved to our present location at 819 Livingston Avenue in Albany. While the staff has increased to meet the demands of a growing business, John Keal Music has remained a family-oriented company, encouraging musicians of all ages.

In 2005 John Keal incorporated D&M Music of Pleasant Valley into its operation. Started in 1976 by Ed Diefes and Henry Mikolajeski, two well-respected repairmen in the Hudson Valley, this store was servicing area schools in the same way John Keal was in the Capital District.

In the summer of 2012 John Keal Music bought Hermie's Music of Schenectady. This was a natural fit, as Hermie's had long been known as the school music store of Schenectady County. Hermie's was started in 1940 by Hermie Fredricks, and was operated by his son Norman until its sale. In the fall of 2016 Hermie's moved to its exciting new location in the Proctors Arcade next to Proctors Theater.

With our expansion, John Keal Music is proud to have also increased our sponsorship of community music activities. We find it rewarding to support individuals and organizations, as they work to bring music into our lives. We have sponsored seminars for music teachers and have helped to bring nationally acclaimed performing artists and ensembles to area schools as well as providing support for the Albany Symphony, the Empire State Youth Orchestra, and many other local groups.

Another important component of our professional development is our affiliation with a number of national music organizations. Our participation in the National Association of Music Merchants (NAMM), the National Association of School Music Dealers (NASMD), the New York State School Music Association (NYSSMA), as well as the New York State Band Directors Association (NYSBDA), allows us to remain up-to-date on happenings in the

Standard Clave

This standard African clave made from hardwood with a cut away chamber produces a loud, deep, dry sound.

LP212R

\$ 25.60

Castanets with handle

A clear, distinctive sound is produced by these castanets made from kiln dried rosewood and mounted on a sturdy handle.

LP430

\$ 24.80

Super Guiro

This durable plastic version of the traditional Cuban instrument has been designed to sound like the original made from fragile gourds. A better alternative than its wooden counterparts, it can produce a bright sound with a plastic scraper or a dry one with a wooden one.

LP243

\$ 42.40

Multi-Guiro

Dual surfaced metal guiro and shaker all in one. Torpedo scraper included.

LP452

\$ 44.80

Vibra Slap

This instrument has been patented by LP as a replacement for the traditional jawbone of an ass. Many variations in sound can be made by rotating the wooden resonating chamber.

LP208

\$ 40.00

**Flex-a-Tone**

An eerie, saw-like sound is created by bending the metal plate and letting the two wooden balls strike its surface.

LP1-5 Standard

\$ 26.40

LP1-8 Large

\$ 37.60

Afuche Cabasa

Loops of plated steel ball chain are wrapped around a corrugated stainless steel cylinder and mounted on a sturdy wooden frame to make this variation on the traditional beaded cabasa. The result is a durable, easily manipulated rhythm instrument.

\$ 39.95

Tapon Cowbell

Smaller than the black beauty, this single-piece bell is higher pitched and can cut through any ensemble.

LP575

\$ 28.80

Bongo Hand Cowbell

Since this bell is traditionally hand held it is made of heavier gauge steel and produces a deep dry sound (it also comes with a mounting clamp).

LP206A

\$ 39.20

Timbale Cowbell

This large bell has a bright lively sound designed to contrast with the Bongo Cowbell when set up as a timbale pair.

LP205

\$ 36.80

Mambo Cowbell

This bell has a sharp, raised center playing surface and a deep pitch. It can also be used as a low end contrast to the Bongo Cow Bell in a timbale pair.

LP229

\$ 36.80

Rock Cowbell

Heavier 14-gauge steel gives this bell its rich, cutting sound and allows it to take a real beating.

LP007

\$ 37.60

Agogo Bell

This bell pair is made of thin 18-gauge steel. The result is a bright, lively, Latin sound.

LP231A

\$ 37.60

**Bongos**

This tunable wooden bongo is 6 3/4" by 8" and features a soft-edged rim for the players' comfort. LP has made these drums with authentic Cuban-style steel bottoms. They are available in natural or red finish.

TIMPANI

VIC FIRTH

American Custom

These mallets reflect Vic's fifty years of experience as solo timpanist with the Boston Symphony Orchestra. Each mallet is turned from a single piece of rock maple, which eliminates a core that could rattle and the need for a screw-on washer to secure the head. Coupled with round seamless heads, they produce bigger and brighter sounds.

T1 General: An all-around stick for general playing. Produces a full, rich sound, yet is capable of rhythmic clarity and strong attacks. 1 1/2" diameter covered.

\$ 31.85

T2 Cartwheel: Softest of the sticks. Ideal for soft, velvet-like rolls, legato strokes, and maximum richness of sound. 2" diameter.

\$ 31.85

T3 Staccato: Medium hard. Designed for clear rhythmic articulation & strong rhythmic projection. 1 1/2" diameter covered.

\$ 31.85

T4 Ultra Staccato: Hard. Produces the clearest rhythmic projection of the felt sticks. 1 1/2" diameter solid felt.

\$ 31.85

LUDWIG

Payson Mallets

Payson mallets are made with high quality maple handles that are now stained in a beautiful walnut finish. Each mallet is perfectly balanced for optimum performance. Payson timpani mallets are available in 4 mallet head hardness levels. All mallet heads are made from high quality white felt.

2-STEP HANDLE MALLETs

Two-step handles are thick near the end for well-balanced handling and thin near the head for strong striking force. They provide excellent flexibility, yet are highly warp resistant.

Available in a wide variety of graduated rubber, plastic, metal, and wood balls as well as cord or yarn-covered balls.

Sabian was founded in 1981, when Robert Zildjian - one of the world's great names in cymbal making came to the conclusion that drummers needed a better choice of cymbals. Unsatisfied with the quality, sound, and the very relevance of the cymbals being manufactured at the time, he opened SABIAN in the small eastern Canadian village of Meductic, New Brunswick.

Since that time the SABIAN Vault has become a global center for cymbal and sound innovation. And that same SABIAN innovation has resulted in an unprecedented level of choice from the most diverse offering of cymbal design ever available. As a result, modern drummers and percussionists can choose from models that range from vintage to modern, from dark to bright, from traditional to downright eclectic.
